

Your Last Dance Will Always Be With Me

Dance with me, and you'll always want to be
Careful or you'll lose your feet
Rhumba down a dead end street

Take my hand movin to a mamba band
Until you can no longer stand
Find you're in the shadow land

Chorus

Would you like to dance tonight?
Samba to the sound of a silent tomb
Rita: oooh!

Twist around, soon you'll know what we have found
A rhythm coming from the ground, on the darker side of town

Choir

In Rio, dancing is all we know, hear the drums and just let go
Marimba and the Agogo

Everybody dance all night
Rhumba to the rhythm and we'll
Sway it to the left and right
Cuidado or she will steal you, Rita...(drums: baba ba ba baba wack!)

Goodnight, you won't get away
From that sure bite, it's her wish for the day
Of the dead lights and you'll wish you were free
Rita: Cause your last dance will always be with me
Yes, your last dance will always be with me

Rhythm and solos

Choir

Everybody dance all night
Rhumba to the rhythm and we'll
Sway it to the left and right
Cuidado or she will steal you, Rita (drums: baba ba ba baba wack!)

Goodnight, you won't get away
From that sure bite, it's her wish for the day
Of the dead lights and you'll wish you were free
Rita: Cause your last dance will always be with me
Yes, your last dance will always be with me
